Iowa Immunization Law Requirements for 2022-2023 TK and Kindergarten

The following are the State of Iowa immunization requirements for students entering kindergarten or transitional kindergarten for the 2022-2023 school year. Immunization certificates, and other requirements, can be mailed to the office this spring, or you may email a copy to nurse@mocfv.org

The following immunizations must be complete before the first day of school.

- Five doses of DTap, one of which is after age 4
- Four doses of Polio, one of which is after age 4
- Two doses of varicella unless student has had history of chickenpox
- Three doses of Hepatitis B
- Two doses of MMR

All TK and kindergarten students must have updated immunizations and kindergarten students must be seen by a dentist and an eye doctor before the first day of school. If your child has already had their four year old booster shots, please send this information to the school.

6th and 11th Grade Parents - Immunization Requirement Information

Meningococcal and Tdap Vaccine Secondary School Requirement

As of January 11, 2017, the IDPH has completed the administrative rules process to require meningococcal vaccine for students enrolling in 7th and 12th grades for the upcoming 2022-2023 school year.

7th - This law will require all incoming 7th grade students born after September 15, 2004, to receive one dose of Meningococcal (A, C, W, Y) vaccine **BEFORE** the start of the 2022-23 school year. No immunization provisional will be given. The IDPH also requires ALL children entering 7th grade to have one booster dose of Tdap (TetanusDiphtheriaPertussis). Adolescents can receive Tdap as early as 10 years of age. If your student, who is entering 7th grade, has not already received the Tdap immunization, please make arrangements to do so prior to the start of the school year.

12th - It will also require all incoming 12th grade students, born after September 15, 1999, to have received two doses of Meningococcal (A,C,W,Y) vaccine **BEFORE** the start of the 2022-23 school year. (only one dose needed if students received the first dose after the age of 16.) No immunization provisional will be given. Please bring the updated 'Certificate of Immunization' to the school office or at fall registration after completed.

****If students do not have this new Meningococcal requirement fulfilled before the start of school in August 2022, your child will not be able to attend until the immunization is obtained or the school nurse has a waiver of Medical or Religious Exemption to the vaccine. If you have questions, please contact the school nurse, at your child's school office.**

Attention Parents of Students Currently in 3rd through 11th Grade

If you feel that your child might qualify and benefit from the MOC-Floyd Valley Talented and Gifted Program, please pick up a Parent-Nomination Form from an elementary school office, the middle school office or the high school office. The student qualities include creativity, advanced language, analytical thinking, a sense of humor, accelerated learning, sensitivity, diverse perspectives, and education that is meaning motivated.

Please return these nomination forms to an elementary school office, middle school or high school office by **Friday, April 22**. If you have questions about the elementary or middle school program, please contact Amanda Van Kley at avankley@mocfv.org. If you have questions about the high school program, please contact Marlene De Zeeuw at mdezeeuw@mocfv.org.
